Dear Jess, Mark, Jon, Lewis, Steve,

Please note that you are down to assist with the concert tonight. I have included the latest arena info. You will be deployed for the in and out. I would like 1 officer on the concourse close to the barriers, 1 patrolling the city rooms and 1 patrolling the **Operationally Sensitive** and **Operationally Sensitive** Pls can refs breaks be staggered between 1930-2100 so we have someone at Victoria.

Steve Corke,

Emma power has arrested 1 male for **DPA**, log **DPA**. This is the burglary at **I&S** which is your job. So please will you assist with taking this handover.

Jon Morrey,

I believe you downloaded the CCTV for the **I&S** job, if so can you please do a statement exhibiting this. If Lewis is still working with you then he can also assist at the arena when he comes in at **I&S**

Dale Edwards/ Peter Hogg. Disruption patrols /mobile response cover. I have copied below the last weeks ASB/ Disruption logs to assist. There is no need to go to Buxton, but belle Vue, guide Bridge, Rochdale, Castleton, New mills central, Mills hill, Bolton, Swinton etc is a good start. Try to incorporate similar times when able to do so.

Tony/ Pete,

Please can you ensure all officers are advised of the above over at Peninsula.
