Andrea,

One of the issues that was raised to me by GMP during my time covering the CI position was the lack of liaison from us about the key events at the Arena. This has particularly been the case after the boxing events. I therefore had a meeting with Insp Rog Worrall and CI Gareth Parkin I gave them assurances that I would share what information we had about such events as well as providing a point of contact on the night for their city centre bronze to liaise with. In addition it was suggested that we could attend the multi-agency meeting on Wednesday afternoons at the Town Hall Pol station where a multitude of issues are discussed and addressed (they said Michelle used to go). We have attended the last 2 and already had some value due to information gleaned about the Corner House occupation which has prompted today's meeting.

Obviously a matter for you, but this liaison might be something you want to continue now you're back in position.

Many thanks,

Pete.

Hi Rog,

Please find attached information regarding forthcoming events at the Arena.

The one event of relevance to yourselves being the Boxing on Saturday. I attended a planning meeting for this on Monday and can confirm ticket sales are incredibly low with approximately 1000 tickets being given to military personnel who may or may not choose to attend. The 5500 attendance cited therefore is rather aspirational and we would expect this to be somewhat lower on the night. The road closures will therefore not be implemented post event. I am working again on Saturday so please feel free to pass on my number to whoever is your city centre bronze so I can provide up to date information about the demeanour of the crowd etc.

Many thanks,

Pete
