

GMFRS Recommendations - Update

- FRSs utilising NWFC to review SLA around M/A situational awareness to inform FRS during 'no notice' incidents
- GMFRS & NWFC to revise protocols around Bomb/Explosions/MTFA – emphasis placed on M/A co-location, Communication and Co-ordination
- GMFRS to review communications between NILO/FDO/Control Rooms [M/A] and critical response assets (e.g HART)
- GMFRS Protocols around Terrorists Incidents (PDAs/Command Structures/Tac-advice [NILO])
- NFCC and GMFRS policies/procedures/Training for IC's around embedding M/A co-location, Communication and Co-ordination during major incidents.
